NIGHTFALL 08' TERRORIZES OLD TUCSON STUDIOS AGAIN!

(Old Tucson Studios) –The biggest and scariest Halloween event in Arizona, **NightFall 08'** returns to **Old Tucson Studios October 3-October 31, 2008**. Haunted Attractions and horrifying Live shows once again fill the putrid, night air of Dr. Jebediah Hyde's Gouillard Asylum for the Perpetually Insane.

Hyde's terrifying tyranny over the township of NightFall resumes with the demented doctor's latest experiment, **"Release the Beasts"**--- sinisterly splicing the genetic material of the Asylum's ill-fated inmates. An epic struggle ensues with spectacular Hollywood style stunts and pyrotechnics which culminate in the greatest battle ever in the doomed Township.

Other live shows and haunted attractions include: **"Hyde School Musical"**, a musical fiasco that will take audience members beyond the point of "no return" and into the realm of evil itself. In **"Symposium of Atrocities"**, insane inmates run a magical show. This is NOT a family magic show and YOU DO NOT WANT TO VOLUNTEER!

Headlining the haunted attractions this year will be the return of the **Gouillard Gargoyles**, the stone-cold, dangerous duet that has endangereder...delighted NightFall victims in the past
